

**STINSON BEACH HISTORICAL SOCIETY
BOARD MEETING AUGUST 18, 2015**

PRESENT: Mark White, Tamae Agnoli, Celeste Washington, Georgia Heid, David Conrad, Susan Kelley, Grey Shepard, Toby Bisson, Gerry Bisson, Chris Airey, Barrie Stebbings.

ROCK & ROLL HISTORY EVENT

The purpose of the meeting was to share our progress in gathering information for our event and pin down details of how it will be set up and who will be doing what.

- Toby suggested the timeline be organized by era (beatnik, hippie, 1980-90s, Y2K to present) rather than by specific year since there were large gaps in certain areas.
- He also brought a stack of CDs compiled from tapes that he passed out for people to listen to and review to pick out most relevant songs/interviews that will be edited down to a single CD to be played at the event. To the best of their ability people should note on the playlist the artist, date, venue, and any pertinent quotes. CDs were given out as follows (may have gotten David & Grey mixed up):

Susan	The Edge (82-3) and Average Beach Band (1980s)
Barrie	The Edge and Rowan Brothers Archive 1 & 2
Celeste	Glenn Cronkite and Bo Mix
David	Hurly & Dee, Uncle David (?), Benno w/ Steve Vaughn
Grey	Rowans Friday Night Set
Marcus	Rowans - Over the Hill Bar & Grill

- Marcus will check with Annie about access to Kendrick's photo/video archives.
- Chris Airey brought photocopies of the Edge, Commander Cody, and other memorabilia.
- Grey will be broadcasting segments from "celebrity" interviews he has conducted on Sunday, Sept. 6.
- Preliminary work assignments included:

Oyster table	Charlie Lenhoff (second person needed)
Bartenders	Marcus (Gerry and/or Kevin to assist)
Kitchen	Susan & Barrie to assist Katie
Audrey's Table	Catherine White
Cash Boxes	Tamae at Kitchen Celeste at Oyster/Bar (cash for drinks, tickets for oysters) Phyllis at Entry

- Susan Banta is making the posters (15), which should be ready by the next meeting.
- Our next meeting will be a workshop at the Community Center to help us determine the layout. If everyone can bring copies of display materials it will help in coordinating the allocation of space required for each segment. And don't forget CDs and playlists.
